

A New School Event

My favourite school event is Pets Day. It is on 20th October this year.

Pets Day is for all students and teachers. We have this event because many pets are abandoned. The school organises this event to let us take good care of animals.

On that day, we can bring our pets to school. We also have lessons with our pets and play with them.

I feel excited. I can take a lot of photos with our pets.
