## My Favourite Person in WKS

My favourite classmate in WKS is Chloe. She is seven years old. We are in the same class, 2B. Chloe has long straight hair. She is short and thin. She lives in Tai Wo. We go to school together. She is helpful. She helps me with my homework. She listens to me when I have a problem. She is nice too. She always shares snacks with me. We like eating biscuits and sweets. We often play hula hoop at recess.

I hope we can be friends forever.
