

My Hobbies

Hello! I am Malika from Class 4B. I am nine years old. I have many hobbies.

I love sports a lot. I especially like tackle rugby. I

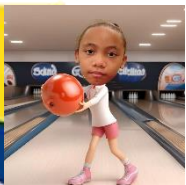

started to play tackle rugby at the age of eight. My coach taught me how to play tackle rugby. It makes me very grateful

each day. I play with my friends on Sundays. We play on a rugby field. When I was five years old, I wanted to be famous and compete in 'Rugby Seven'. It makes me feel delighted.

I love indoor activities. In my opinion, bowling is a challenging game. I started to play bowling at the age of seven. I put all of my effort in this game. I usually go bowling at the shopping centre with my family. I really enjoy engaging in such a fun challenge with my elder brother. It makes me feel amazed when the ball hits all the pins. I have many amazing talents and gifts.

I would like to be a famous rugby player in the future. 'No pain, no gain.' I will try my best to do this sport.

P.4B Cheung Man Ting, Malika
