

SUNDAY

Mum is busy

Today is Sunday. Mum is in her study. She is busy. She looks very tired. I can help Mum with the housework.

First, I cook breakfast. I make a toast. It is yummy. Mum likes it very much. Then, I wash the bowls and dishes.

Next, I make the bed. After that, I sweep the floor and water the plants. I feel tired.

Finally, Mum finishes her work. She feels tired but happy. She says, 'You are very helpful. You are my good son.' I feel excited.

Thank you for your help!
