

Mum's Birthday Meal

It is Saturday. It is Cherry's mum's birthday. Cherry goes to Yummy Fast Food to buy tasty food.

Cherry orders food. She asks, 'May I have three slices of pizza, a box of chicken wings and two cans of cola, please?' The cashier says, 'It is eighty-one dollars.' When Cherry opens her purse, she is very surprised because there is only ten dollars in her purse. She used too much money on Sunday. She takes out her phone and calls Mum. She asks, 'Mum, can you go to Yummy Fast Food and bring me seventy-one dollars, please?'

Cherry's mum says, 'OK, I'm coming now!' After Cherry's mum comes, she says, 'Don't use too much money to buy toys next time!'

Cherry learns not to use too much money to buy toys.
